No Imitation has a reason in good business judgment or honesty. Now then can an imitation sold at a low price, in order to give the dealer a little more profit be either like, or as pure, good and wholesome as the original' Common sense an swers no. Therefore when you ask for Coun-Cola sie that you get Corn-Coln. It costs you no more than theap and dangerous substitutes, and a triat will contince you that the best is always found in buttles. Inspect the crown, also the bottle. See that the copy-ighted word three-Colo appears of both If not, refuse it

Coca Cola

Never had an equal-never will have hottled exclusively in Southeast Alabama by

Coca-Cota Bottling Company

Blount's

"True-Blue"

Steel breaker

Mr. Hosea Wilson, one of the largest and most progressive farmers in South-East Alabama, tells us that after two years thorough test, he funds the TRUE BLUE MIDDLEBREAKER far ahead of any plow he has ever used. With two mules in any kind of land, clean or stumpy, he can double in his plowing and save one hand.

Mr. Wilson is using about twelve (12) of these plows on his large farm now, and says that he will need more, as the TRUE BLUE line of steel plows are the lightest, strongest and cheapest plows he has ever used, and he has bought nearly all kinds. Mr. Wilson's experience is the same as many of our customers who use BLOUNT'S TRUE BLUE line They are the best and cheapast.

Ask your neighbor who uses BLOUNT'S TRUE BLUE line or call at our store and let us show you. We keep a full line of Middle breakers and turn plows and all repairs for them. Orders by mail or telephone promptly filled,

TAILORS. 206 East Main Street Stubborn Case

"I was under the treatment of two doctors," writes Mrs. R. L. Phillips, of Indian Valley, Va., "and they pro-nounced my case a very stubborn one, of womenly weak-ness. I was not able to sit up, when I contained to

Lesed it about one week, before I saw much change. Now, the severe pain, that had been in my sale for years, has gone, and I don't suffer at all. I am terling before than in a long time, and cannot speak too highly of Cardui."

CARDUI Woman's Tonic

Cardul is a builder of womanly strength. Connoced of purely vegetable forgredients, it acts quickly on the womanly system, building up womanly strength, luning up the womanly nerves, and regulating the womanly system. Cardui has been in successful use for more than 50 years. Thousands of ladies have written to teil of the benefit they received from it. Try it for your troubles. Hegin today.

TELLING DISTANCE BY SOUND

Modern Science Has Brought It to Ex-scittude That is Easily Suscep-tible of Proof,

tible of Proof,

There is an oil saving that if you can count five between the flash and thunder you are safe. Modern science tells us that if you can see the light at all you no safe, because if it struck, you you would have no time to see it. The speed of lightning is about 189 times that of sight.

The old idea was that if you could count five the storm was a mile away, which was considered a safe dislance. Bound fraction at the rate of 1,142 feet, a second, or about a mile in its see onds. In order to count seconds seen rately many photographers start by saying to themselves. 'No one thou sand, and one thousand, two one thousand, there one thousand, two one thousand, there one thousand, they one thousand, This gives about the right space between

gives about the right space between each count of one, two, three, elc, if you stop at the number of seconds you mant to time. With a little practice with a widelt bedde you this is accurate up to half a minute or more. If you hear a steam which thowing and note the in-time it stops you can count the seconds until you lose the sound, and by allowing a fifth of mile for each second you can judge the distance. The same is true of guns, or an explosion, or even of hammering or any loud sounds.

GRANGE MIXTURE IS

THE BEST

First o all, we ask you to pardon this letter's being printed in this shape. The expense of writing a personal letter to-the best farmers in South-east Ala, we found, would be more than we can afford. If they will take time to read it, we feel the time will not be wasted. It is not a begging letter. We have found that it is better for our interests not to beg farmers to buy our brands, but to make our goods so that we can really feel that we do not want any one to buy unless he wants to. And so-this is not a begging letter.

Don't buy it unless you really feel that you want the best. However, the purpose of this advertisement is to call the attention of the farmer who needs the best, to the value of GRANGE MIXTURE. It is our idea of an honest brand. We put into it what we know about guano-not what we think, guess or estimate-but what we know. For a few cents above the price of ordinary guano, you get double value for the difference-plain a daylight. The plant food formula of GRANGE MIXTURE is fixed to suit the chemica needs of the soils of this section itself.

It is not merely our idea of what we can make people think a good tertilizer ought to be. As developed by the Dothan Guano Co., after many years of experimental wor k it stands the test of time-that hardest test. We did not make these trial experiments at the risk and expense of our customers. We did not take on every new tangled material which bobbed up because it was cheap. We stuck to that which we did know; and year by year our sales steadily increase. The perfection of GRANGE MIXTURE in producing increased crop results is positively unequaled by any other.

We do not only believe-we know-it is as perfectly adapted to our soils and crop needs as any you ever bought before at any price. It will unfailingly outlast any other kind This statement has been proved over and over again many times and it is easy enough for you to prove it for yourself. Don't be misled into buying something claimed be "th same thing." You can teach a parrot to say, "Just as good" but he won't know what he is talking about. Our trade mark protects you. This year, be sure the circle with the word⁸ "Makes Green Fields" is on the bag.

Talk about testimonials? Why, we receive every shipping season telegrams and letters by the score from the very best dealers and planters in this or any other country, similar to this: "Why don't you send us some GRANGE MIXTURE? Our customers will not have anything else' and "For goodness sake ship us another car of GRANGE MIX-TURE. We are entirely out and people went back with empty wagons today because we didn't have GRANGE MIXTURE." As for testimony from the actual users; it is constantly coming to us, only day before yesterday, we got this one (unsolicted) from Dr. Dalton. Anybody who knows him, knows that he always tells just what he means and thinks Read what he certifies to:-

Taylor, Ala.

Dothan Guano Co., Dothan, Ala.

Gentlemen:-

This is to certify that GRANGE MIXTURE gave me by far the best results last year than any other brands-notwithstanding I used several other brands. I regard in as being the best guano that the farmer can use for this section. I shall use no other this year. If I had used all GRANGE MIXTURE last year, I would have made ten more bales of cotton.
